Indexed performance since launch in CHF (12.7.2001 = 100), distributions reinvested, Source: HBM & Bloomberg

Investment Approach

- Fundamental long with private and public healthcare investments
- Focus on companies with innovative platforms and drug candidates
- Bottom-up selection of investments with solid long-term growth potential
- HBM takes an active role and assumes entrepreneurial responsibility together with the management team

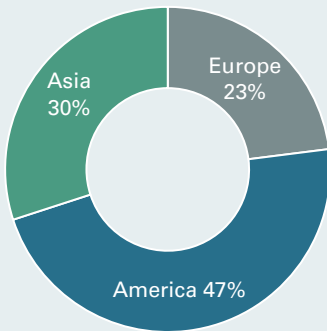

Reasons to Invest

- Access to a diversified portfolio of private and listed healthcare companies with value increasing potential
- Global orientation with focus on the US, but increasing allocation in emerging markets such as China and India
- Closed-end structure allows optimum exploitation of the value-increasing potential of healthcare companies
- Lower correlation to public market portfolios thanks to the substantial private capital allocation
